Causes Tuberculosis

Causes Tuberculosis

The Medical Record (New York) of December 18, 1909, contains an article on "The Treatment of Pulmonary Tuberculosis, Based on the Assumption That the Dietetic Cause of the Disease is Lime Starvation." hy Dr. John F. Russell, who says: "The condition which is recognized as preceding the active development of tuberculosis in the adult may be considered as due to lime starvation." "Among inorganic substances lime saits appear to be of special physiological importance "but if the salts are not in organic combination it is difficult to suppose that the cells can appropriate them for food."

Years of widespread use confirm us in the belief that the success of Eckman's Alterative in cases of pulmonary tuberculosis (consumption) and chronic throat and bronchial froubles is due in large measure to its content of lime, so combined with other ingredients as to be easily appropriated by the cells.

Doubtless this has had much to do with the results obtained in many cases of these affections, which appear to have yielded to Eckman's Alterative.

As it contains no opiates, narcotics or habit-forming drugs, it is safe to try. Your druggist will order it for you or you can send direct.

### MEET JOINTLY IN RUTLAND.

Vermont Bird and Botanical Club, Jan. 21 and 22.

Rutland, Jan. 5 .- The annual meeting of the Vermont Bird and Botanical club will be held at the Hotel Bardwell in this city Jan. 21 and 22, it being the first meeting since the two clubs were consolidated. The sessions will occupy all of both days and will be taken up with business, reading of papers and display of specimens. On the evening of the 21st there will be a public address by Dr. George P. Burns of the University of Vermont, professor of botany, who will discuss the trees and shrubs of the state and their use in landscape gardening. Several members of the Connecticut Botanical society are expected to attend as well as members of the New England Botanical society.

Jay G. Underwood is chairman of the general committee in charge and local arrangements are under the direction of George L. Kirk, G. H. Ross and Diane E. Kent of Rutland.
